James,

Thank you for applying for the 2017 CBA Research Grant. We have had a huge number of applications this year - 18 applications to be precise and also 21 faculty members. We are also pleased to see that many CBA faculty members are actively pursuing their research agenda, and the college would love to support their research endeavors. Unfortunately, given the limited budget we have, we were not able to fully fund all projects this year. The total request was \$88,240 and we were able to fund \$41,000. So, we tried to make the funding equitable and fair for everyone.

Congratulations! Your 2017 CBA research grant funding is \$3,0000.

We will be processing the overload form for you, and after the work is performed by 6/01/17 (please do not forget the send us the proof of your work completion), you will receive the payment.

If you have any questions, please let us know.

CBA Dean's office
